TAS7001 Revision April/2015

1. Identification

Product name	TAS7001
Chemical identification	Mixture of PEI and CNT
Producer Phone Number Fax Number	I-Forward Technology Co., Limited +852 2370 2629 +852 2370 2629

2. Hazards Identification

Ingestion :	No hazard in normal industrial use.
Skin absorption :	No absorption hazard in normal industrial use
Skin contact :	Unlikely to cause irritation even on repeated contact
Eye contact :	Can cause mechanical irritation if dusts are generated

3. First Aid Measures

Skin contact

Wash with soap and water. For hot product, immediately immerse in or flush affected area with large amounts of cold water. Cover with clean cotton sheeting and get prompt attention.

Eye contact

Rinse immediately with plenty of water.

Inhalation

No specific treatment is necessary

4. Fire Fighting Measures

Suitable extinguishing media

Water spray and foam ..

Extinguishing media which must not be used

Carbon dioxide and dry chemical are not recommended

Combustion products :

Intense heat, smoke, Carbon dioxide, hydrocarbon fragments

5. Accidental Release Measures

Gather and store in closed container pending a water disposal evaluation. Allow molten material to solidify before disposal.

6. Handling and storage

Handling

Use good industrial hygience practices, provide adequate ventilation. Use aggressive housekeeping activities to prevent dust accumulation.

Storage

Store in a cool dry place. Avoid excessive heat and ignition sources.

7. Toxicological Information

Acute health hazards

Oral LD50 rat >5g/kg oral toxicity is estimated from tests on similar materials

Subchronic health hazards

No data available

8. Disposal Considerations

Recycling is encouraged. Landfill or incinerate in accordance with local requirements. Collected processing fume condensates and incinerator ash should be tested to determine waste classification.

9. Ecological Information

The material is not expected to be harmful to the ecology.

This product should be stored, handled and used in accordance with good industrial hygiences and in conformity with any legal regulation. The information contained herein is based on the present state of our knowledge and is intended to describe our product from the point of view of safety requirement. It should not therefore be construed as guaranteeing specific properties.
